# Author's Note

Dear Readers,

Welcome to the magical pages of my book, where each word represents a new opportunity, a new possibility. This journey of writing has been a unique experience for me, and I am delighted that you have joined me on this adventure.

Life presents us with countless challenges, but each challenge is an opportunity for us to grow stronger. I believe that our experiences—joy and sorrow, hope and despair—shape who we are. In this book, I have tried to bring those emotions to life through words and illustrations, allowing you to feel the essence of the book on every page.

I am particularly pleased that the previous edition of our book received rapid acclaim across 56 districts in Bangladesh. Students and teachers have praised the discussions, presentations, and writing style of the book. The occurrence of nearly a hundred percent common questions in preparatory exams is an extraordinary achievement, which is rare in the world of books. In line with this success, the book has been newly redesigned this year. To eliminate monotony, it incorporates a wealth of cartoons and illustrations, making the reading experience even more vibrant.

This is the country's first and only science-based learning book. May this excellent book remain in your and your teacher's hands—serving as a guiding light in the sky of knowledge.

Your feedback is immensely valuable to me. I hope this book ignites inspiration in your mind and propels you toward your dreams. Together, let us expand the boundaries of our potential and redefine our lives.

WITH GRATITUDE MY BEST TEAMMATES

### **Blue Economy**

- ▶▶ The blue economy is crucial for the socioeconomic progress of coastal nations like Bangladesh, involving commerce, ocean science, and shipping. The Bay of Bengal has potential as an economic engine, producing fossil fuels like gas and oil, and providing salt to farmers along Cox's Bazar coast. The coastline region can also serve as a popular tourist destination, expanding coastal and cruise tourism, and addressing unemployment issues. Overall, the blue economy plays a significant role in Bangladesh's socioeconomic development. As sea transport is mostly used route in the national and international trade, we can easily develop newer ports. In conclusion it can be expected that blue economy will bring a new horizon of hopes and aspirations to revolve Bangladesh into a developed country in near future all over the world if we can utilize our blue economic zone properly.

### **Civic engagement**

- ▶▶ Civic engagement is the active participation of individuals in their communities, influencing decisions that affect their lives. It involves voting in elections and attending community meetings, advocating for justice and equity, and promoting a culture of inclusivity and diversity. Engaged citizens raise their voices against injustice, discrimination, and societal inequalities, poverty, inequality, and environmental concerns. This empowers individuals to be active agents of positive change, fostering stronger, more vibrant, and socially just communities.

### **TANGUAR HAOR: A Wetland in Bangladesh**

- ▶▶ Tanguar Haor is one of the biggest wetlands in Sunamganj district. Its unique ecosystem is of both national and global significance. The wetland covers almost 100 square kilometres. The marshland is home to a wildlife sanctuary. Tanguar Haor was declared as an ecologically critical area in 1999 and a Ramsar site one year later. The haor plays an important role in fish productions. It is called "mother fishery" of the country as it abounds in over 140 species of freshwater fish. Fish species include ayir, gang magur, bain, tara, gutum, gulsha, tengra, titna, garia, beti and kakia. Hijal, karach, gulli, balua, ban tulusi, nalkhagra and other freshwater wetland trees are also in the haor. More than 40,000 people depend on it. Due to greed of leaseholders, fish populations shrink and biological balance deteriorates. The haor is also known as a birdwatcher's paradise. About 200 types of migratory birds winter here every year. Anyone can make a boat journey to enjoy its natural beauty.

### **KUAKATA: An Idyllic Sea Beach**

- ▶▶ Kuakata sea beach is in the lap of nature on the southernmost tip of Bangladesh. The daughter of the sea gives a two-way pleasure for visitors who enjoy the sight and sound of the sea. By walking on the placid sandy beach with the warm sea waves washing the feet, one can perceive the pristine beauty of the coastline. The 30-kilometre tropical paradise has a blending of picturesque natural beauty, a vast expanse of blue sky, bay water and a screen of coconut trees. The unique scene of sunrise and sunset on the seashore in a tranquil environment is a real treat for tourists — a sight which is simply unforgettable.
