Banana trees have not been eaten for a long time. How many days one can eat grass and leaves?

Suddenly a sound came from behind the bushes.

The elephant tried to listen to the sound attentively. Someone seems to be crying. He slowly approached towards the bush.

He saw a monkey sitting and crying. The monkey should be on the tree, jumping. But no, he is sitting here and crying. How strange matter it is!

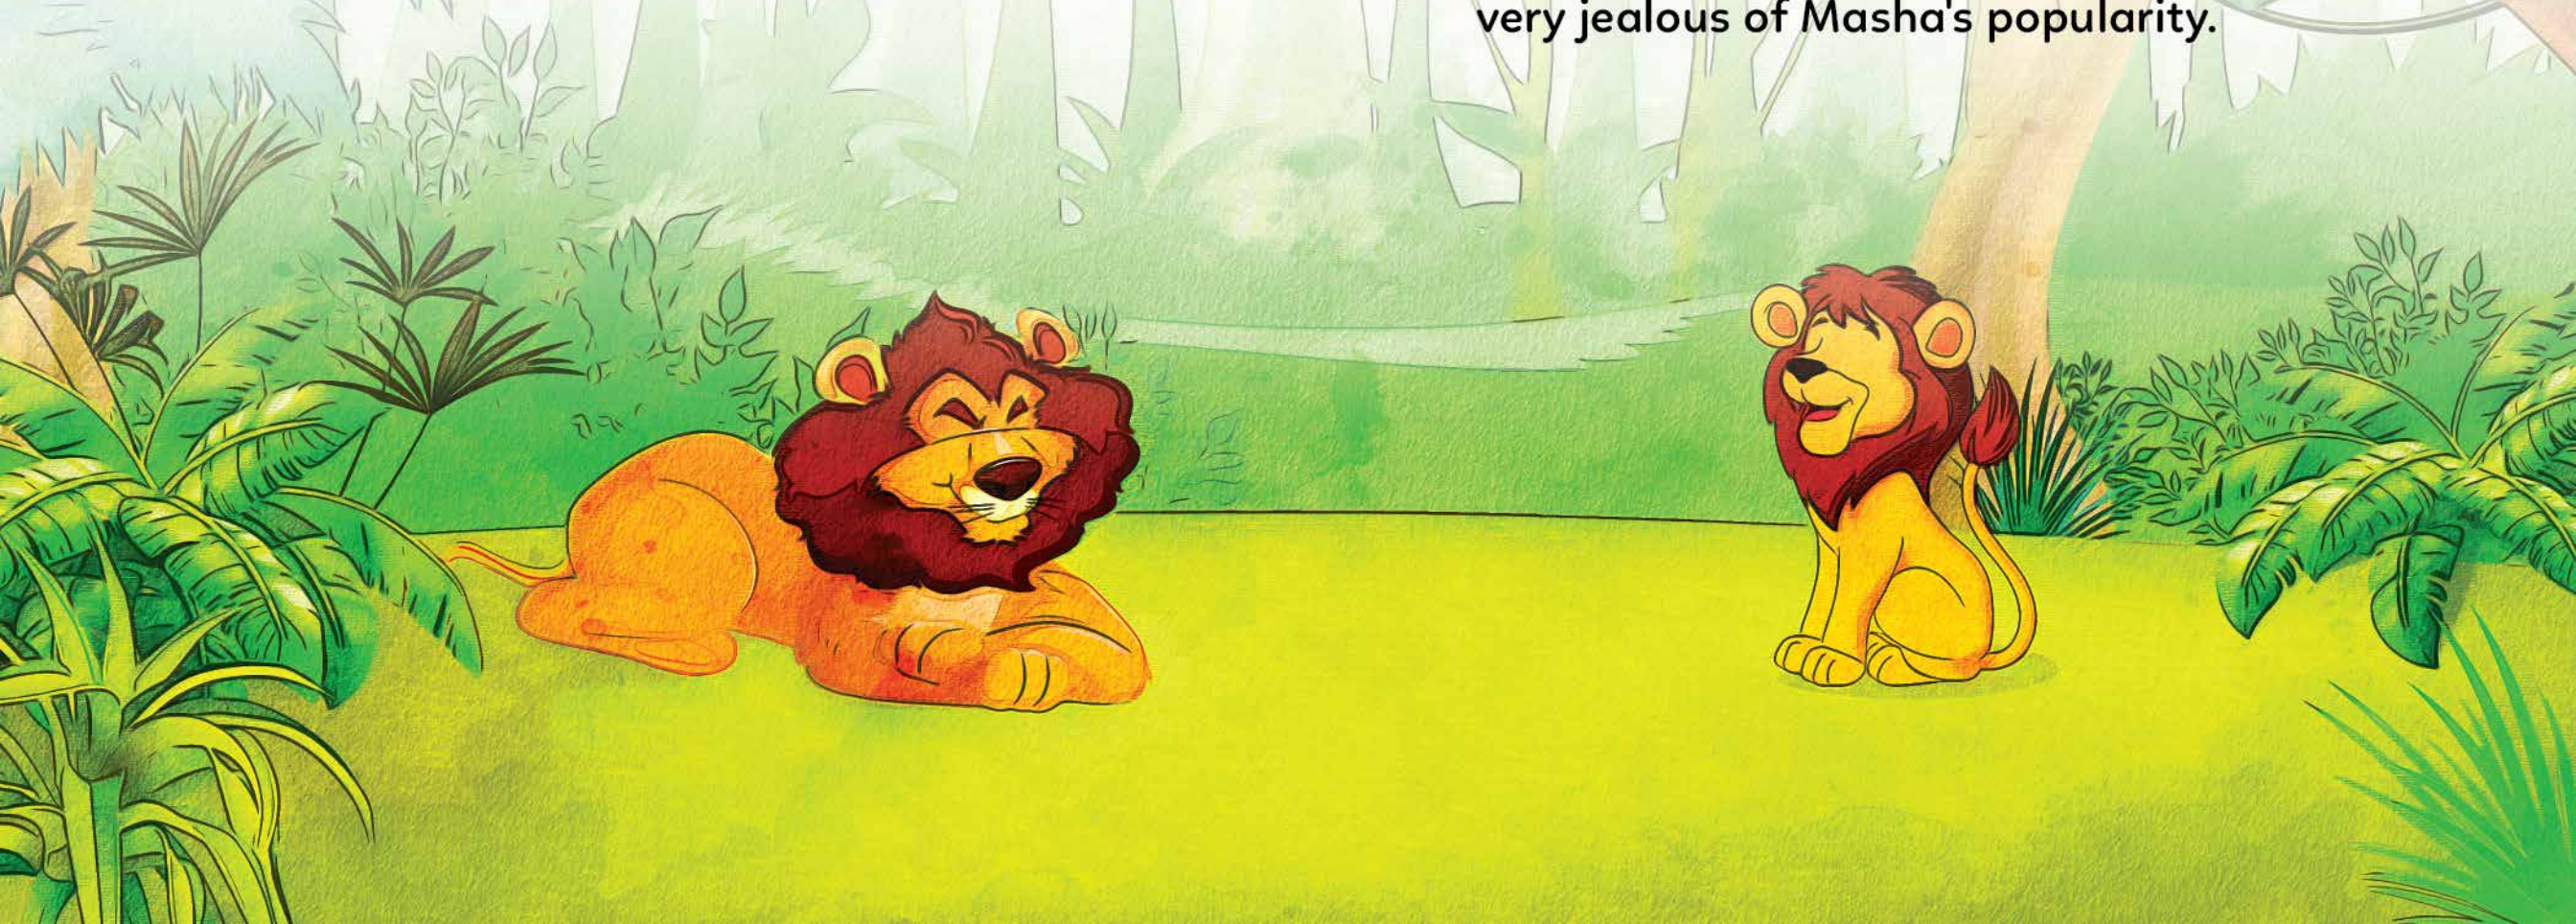

Everyone is tense about who will be the king of the forest. All eyes are now on the two lions named Jasha and Masha. Nobody likes Jasha. Jasha cannot be found by anyone's side in danger.

From giving good advice and justice, Masha inquires about the good and bad of everyone. Treats everyone well. Jasha was very jealous of Masha's popularity.

But Jasha was strong, power-hungry. Forest hyenas, tigers and elephants are Jasha's companions. No one dares to speak against him. Masha on the other hand was weak. Masha has nothing but the love of all the innocent creatures of the forest.

Jasha asserts himself as the king of the forest with a kind of conjuration. Masha said to take everyone's opinion, but Jasha did not listen to him.

A small place behind the house. A chubby cat named Nadus was walking around there. While walking, he met another thin cat from the neighboring area. His name is Chakan.

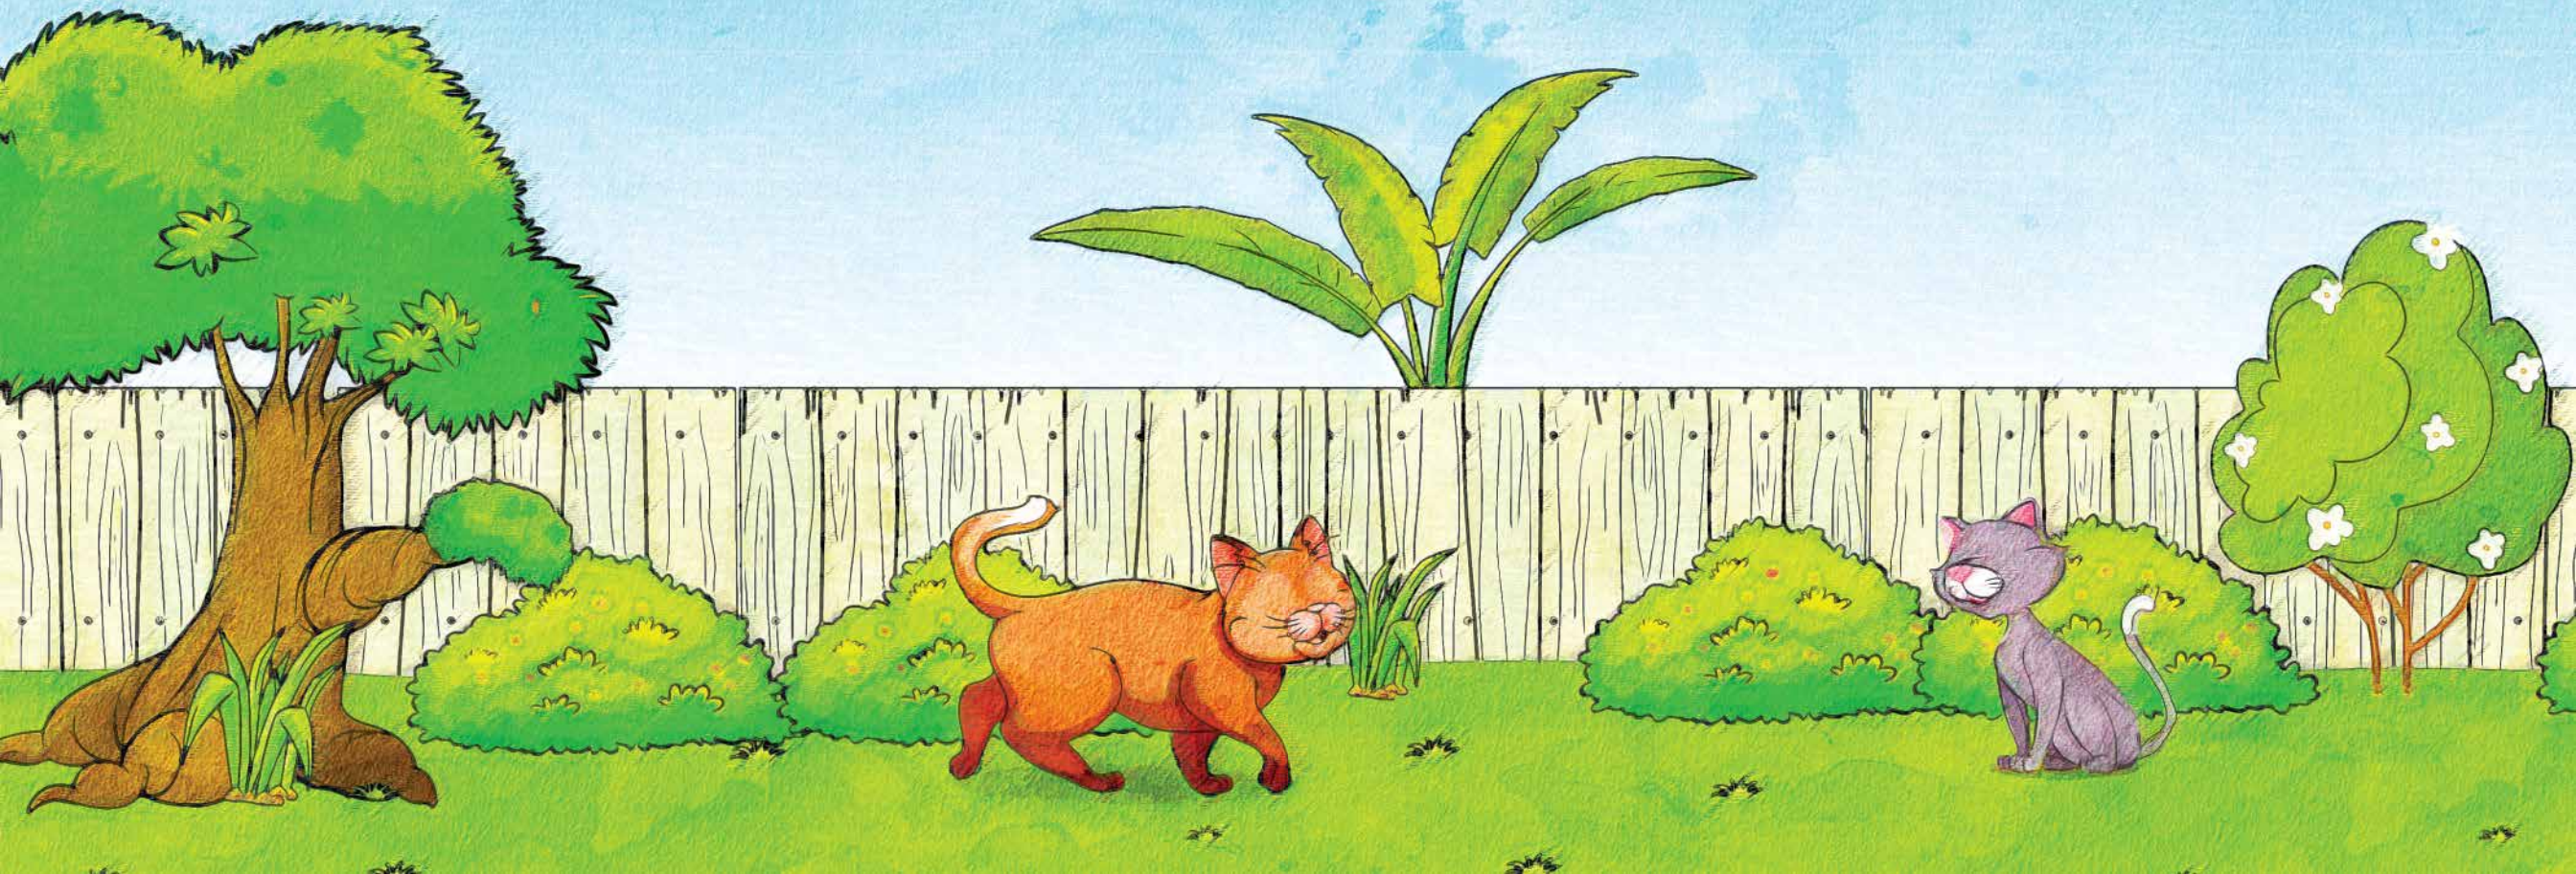

Seeing Chakan, Nadus said, 'What's the matter? Why is this your condition? How dry are the arms, legs and stomach. What an awkward look! Don't you eat and drink?'

Chakan said sadly, 'I don't like to eat anything.'

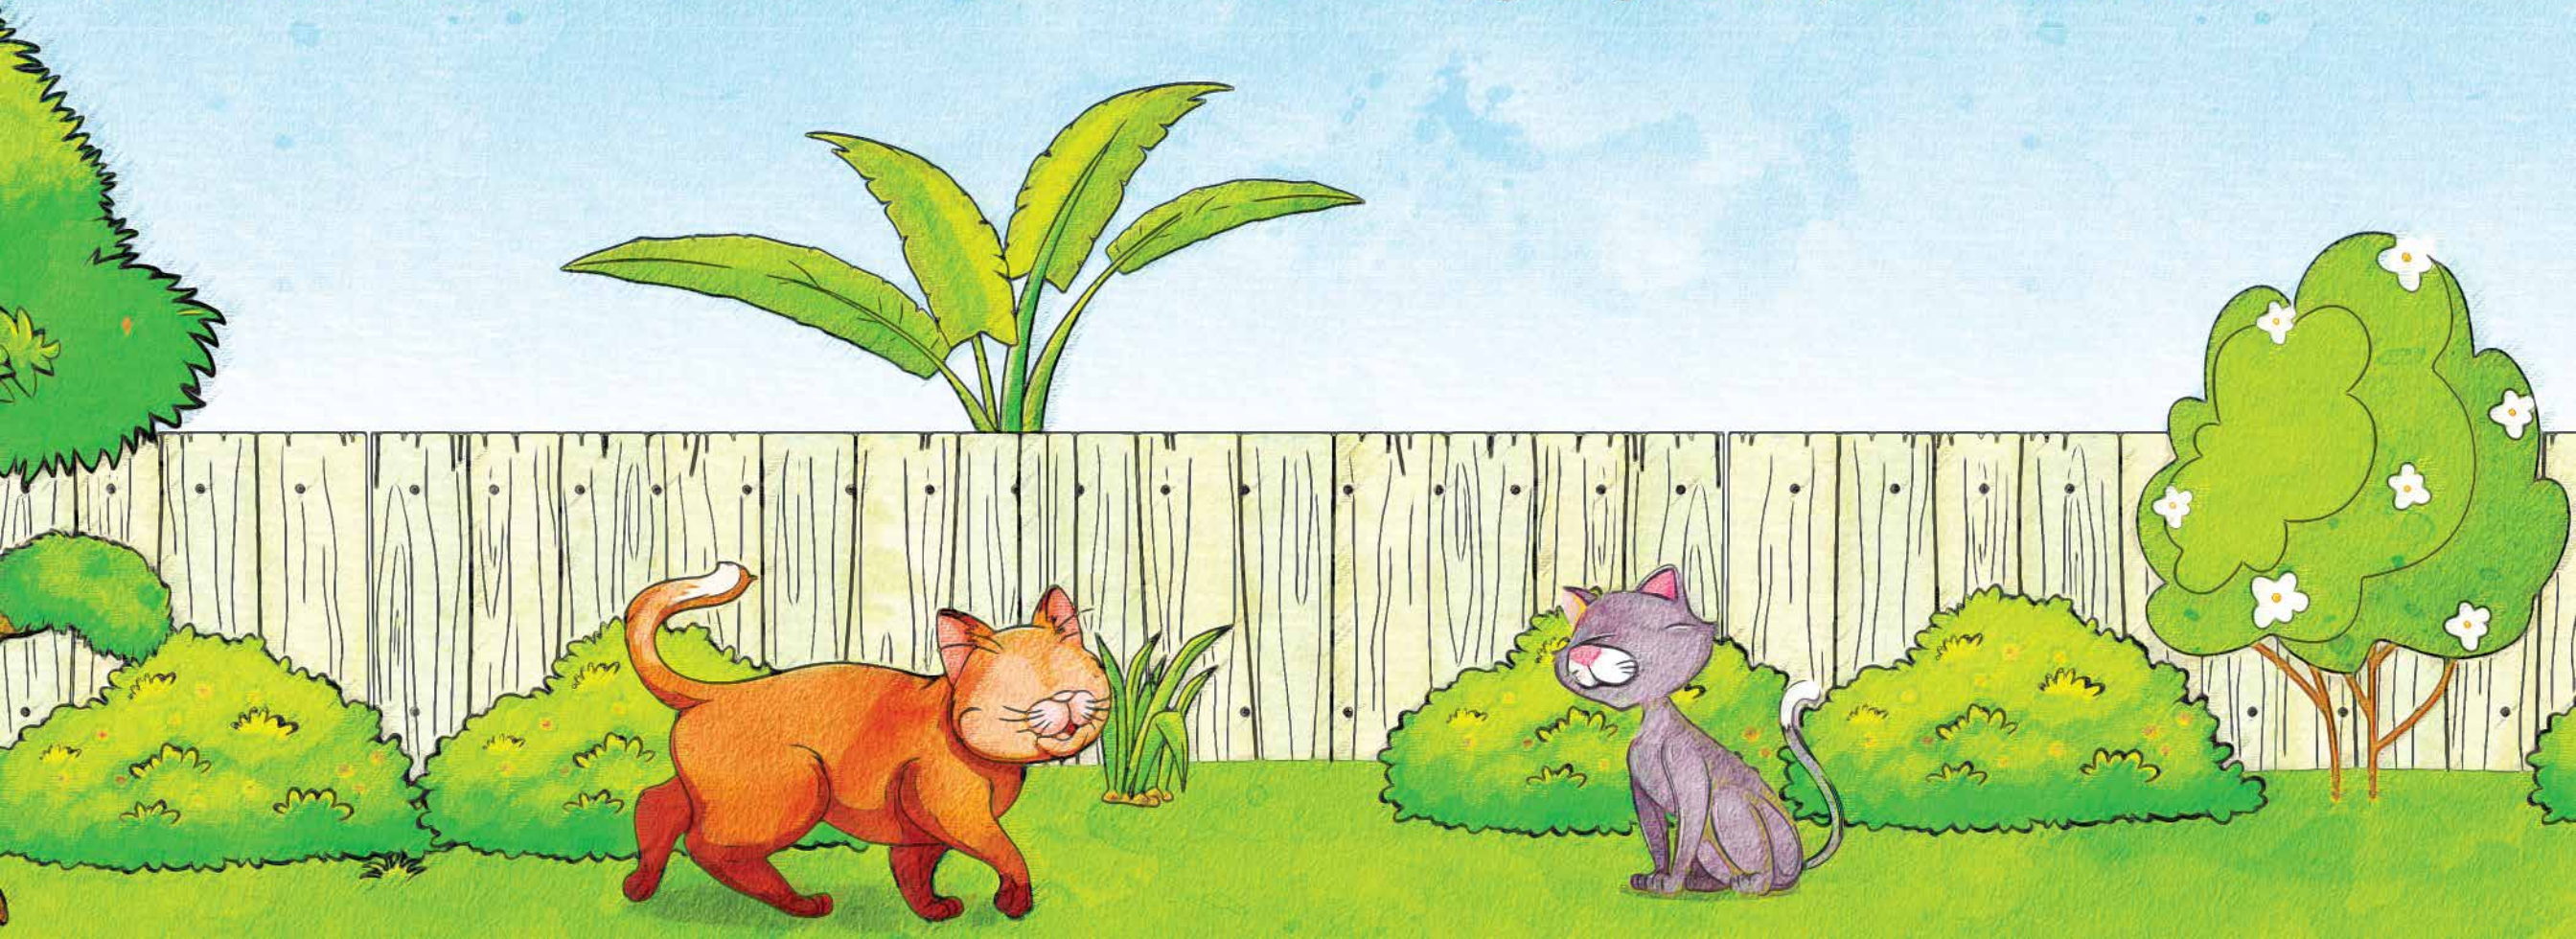

Everyone laughs at my health.

Nadus said, 'What do you say? Don't like to eat? I like to eat everything. I eat whatever I get. I do not judge.'

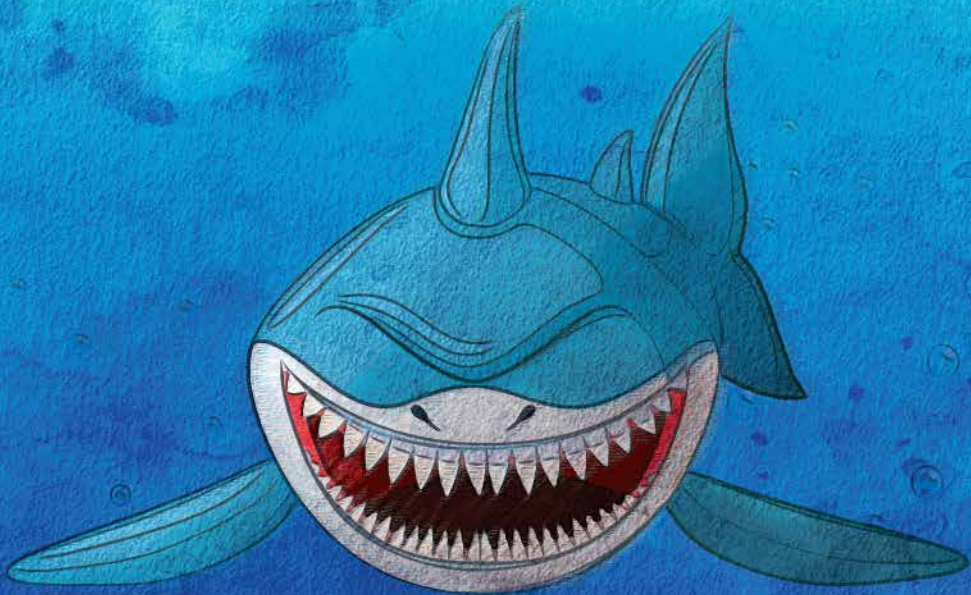

For this see how my hands and feet are chubby.
Everyone loves my plump body.
Chakan's grief increased after seeing and hearing
Nadus' health.

He said, 'You are right. Everyone should like to see
such health. No one looks at a dry cat like me.
Nadus became very proud of himself. At that time,
a huge dog suddenly came in front of them.

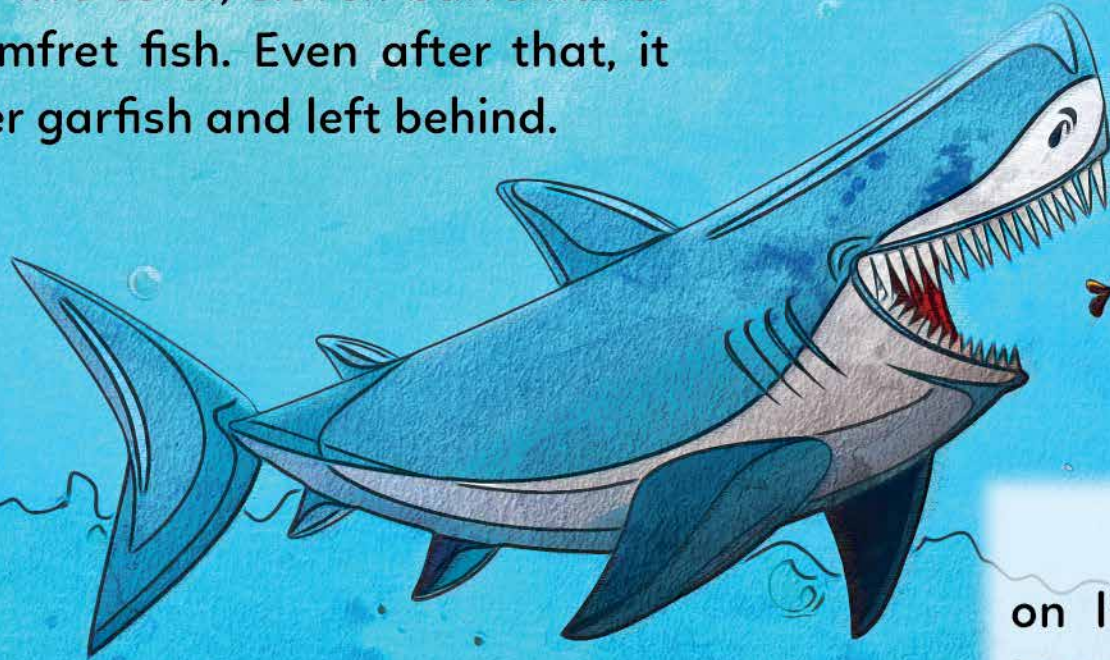

Deep sea. A huge shark lives there. His name is Sharku. All fish are restless for fear of sharks. Sharku kills whoever comes in front of him. Even after eating so much fish, he is not satisfied.

Even if he is not hungry, he is not safe if someone falls in front of him.

On that day, he ate five coral, eleven barramundi and twenty-five pomfret fish. Even after that, it killed one freshwater garfish and left behind.

No one is safe from Sharku. It cannot go on like this. So the fish called a meeting together. How to get rid of Sharku? A way must be found.

In the meeting, everyone was talking to each other.

Someone said, leave this area and go somewhere else. Someone said, I have to talk to Sharku. Someone said, you could not go near him. An escape route must be found.

Thinking about what to do, what to do, the salmon fish said, 'Come, let's go to the octopus. He has a lot of wisdom in his head. Surely he will find some way.'
